

Toronto Human Immunology Network
Presents
Panel Discussions in Human Immunology

September 26, 2011
5:00 – 6:00p.m
Room 7231, MSB

Dr. Sabra Klein
Assistant Professor
Department of Molecular Microbiology and Immunology
Johns Hopkins Bloomberg School of Public Health
Baltimore, Maryland
http://faculty.jhsph.edu/default.cfm?faculty_id=1038

(Host: Dr. Eleanor Fish)

“Sex differences in immune function: from autoimmunity to infectious diseases and beyond.”

October 17, 2011
5:00 - 6:00 p.m.
Room 7231 MSB

Eric R.F. Meffre, PhD
Associate Professor
Department of Immunobiology
Yale University
New Haven, CT

http://bbs.yale.edu/people/eric_meffre.profile

(Host: Dr. Joan Wither)

“A role for B cells in autoimmunity.”

February 6, 2012
5:00 - 6:00 p.m
Room 7231 MSB

Alexandre Prat, MD, PhD, FRCPC
Adjunct Professor, The Faculty of Medicine
Université de Montréal
Neuroimmunology Laboratory
CHUM Research Centre
Notre-Dame Hospital
Montreal, Quebec

http://www.cenum.umontreal.ca/membres/2_titulaires/en_prat_a.html

(Host: Dr. Jennifer Gommerman)

“Leukocyte trafficking and autoimmunity: How do we study this in humans and what is the future for trafficking inhibitors as disease-modifying therapies?”

February 27, 2012
5:00 - 6:00 p.m.
Room 7231 MSB

Dr. Mark Davis
Investigator, Howard Hughes Medical Institute
Professor, Department of Microbiology and Immunology
Director, Institute for Immunity, Transplantation and Infection
Stanford University School of Medicine
Stanford, CA

<http://www.stanford.edu/group/davislab/>

(Host: Dr. Tania Watts)

“How to reboot human immunology”

April 2, 2012**
5:00 - 6:00 p.m.
Room 7231 MSB

Dr. Jason Brechley
NIAID
National Institute of Allergy and Infectious Diseases
Bethesda, MD

www.niaid.nih.gov/LabsAndResources/labs/aboutlabs/Imm/viralPathogenesisVaccineSection/Pages/Brechley.aspx

“Microbial translocation and disease progression in hiv/siv infections.”
